[www.aurorasupport.org](http://www.aurorasupport.org)

GRUP DE SUPORT  
**L'AURORA**

## L'AURORA - GRUP DE SUPORT

LAURORA - Grup de Suport is an entity dedicated to cooperation with NGOs that are part of the humanitarian civil rescue fleet. We carry out our work in the solidarity ports of Burriana, Vinaroz, Sagunto and Benicarló. Sometimes in other Mediterranean ports.

The support of civil society and social, cultural and political movements in our area towards rescue NGOs began in 2018. Due to the constant influx of boats and the need to provide optimal cooperation, it was formally founded on April 14, 2021. the entity L'Aurora - Grup de Suport.

This report includes part of the activity carried out during 2023 and in some sections shows global DATE of our work since the founding of the entity.

Currently, we have volunteer groups with more than 150 people with very different profiles. All of these volunteers respond to L'Aurora's calls to collaborate with civil rescue entities or with the activities carried out by the association itself.

In addition, we have teams of volunteers in different areas of project coordination and management who work altruistically daily to consolidate our Solidarity Ports, serve as an operational tool and channel the solidarity and resources of the population to carry out political, humanitarian and transformative actions.

Our mission is to fight on land to help save lives at sea.
